

Tuesday 30th June										
08:00	Registration									
09:00	Keynote address by Isabelle Dautriche: <i>The development of compositionality in language and thought</i>									
10:15	Coffee									
10:45	Plenary symposium with Jean-Rémy Hochmann, Nina Kazanina & Iwan Williams: <i>Format and structure of non-linguistic thought</i>									
13:00	Lunch									
14:30	Parallel sessions (30 minutes including Q&A for each paper)									
	Kerkzaal		Grote zolder		Spiegelzaal		Voorkamer		Bovenkamer	
	Symposium: <i>New Directions in Episodic Future Thinking</i>		Vehicles of Representation		Conceptual Development		Mental Health & Psychiatry		Logic & Rationality	
	Christoph Hoerl	Episodic future thinking, imagination and time	Matteo Colombo	The Medium-Independence of Computation, Neural Computing, and Neurotransmitters	Shruti Santosh	Refining the role of analogy in Quinean Bootstrapping	Benedetta Cogo	Keeping it Rational: on Persons and Rationality in Philosophy of Psychiatry	Konrad Rudnicki, Piotr Łukowski, Bert Leuridan, Vanessa Doreen Ruiz Stovel and Karolien Poels	How do humans process contradictory cues - an EEG-ERP study testing hypotheses derived from classical and non-classical logics
	Jenefer Husman	Future Time Perspective Extension and Episodic Future Thinking: Toward an Integrated Framework	Andreas Pommer	Population-Level Representations and Computations Afford Causal Explanations	Tobias Grossmann	Childhood First: How Extended Development Made Us Human	Victor Lange & Sebastian Watzl	Demons in depression: rumination and agency	Hanna Schleihauf, Emily Sanford, Bill Thompson, Josep Call, Esther Herrmann & Jan Engelmann	Rational Belief Revision in Chimpanzees
	Que Anh Pham	Challenges of Developing a Spontaneous Episodic Future Thinking Task for Children	Halely Balaban, Shachar Lando & Roy Luria	Dissociating pointers and representational content in visual working memory	Chiara Carraro and Manuel Bohn	Mutual Exclusivity across Word Classes and Languages	Mara McGuire & Joshua Kramer	Does everyone know what addiction is?	Chenwei Nie	Rational People's Irrational Beliefs
	Jade Zack	The development of temporal ordering for spontaneous episodic future thinking when solving a multi-step future problem in middle childhood	Michael Murez	Thought coordination as concept identity	Leonie Baumann, Lydia Paulin Schidelko, Marina Proft, Tanya Behne and Hannes Rakoczy	Modal reasoning abilities emerge more unified than previously assumed	Anssi Bwalya & Polaris Koi	Experiencing Agency in the Context of ADHD: The Role of Agential Capacities and Sociodemographic Factors	Chiara Saponaro, Mahham Fayyaz, Grace Pavalko and Nicolò Cesana-Arlotti	Logical thought and logical words: Developmental links between non-verbal reasoning and language
16:30	Coffee									

Tuesday 30th June

17:00 Parallel sessions (30 minutes including Q&A for each paper)										
Kerkzaal		Grote zolder			Spiegelzaal		Voorkamer		Bovenkamer	
4E Cognition		Communication			Structure of Representation		Reasoning & Attention		Agency	
Elias Cohen	Situatedness and intentionality: a salience-based approach to non-representational cognition	Maria Polychronidou, Robert Hartsuiker, Petra Hendriks & Simone Sprenger	Idiom Processing Across the Adult Lifespan	Marko Jurjako	Personal and Subpersonal Explanation: The Interface Problem Revisited	Ying Nortrup	When Boredom Sustains Attention	Kaisa Kärki & Michael Laakasuo	The Fundamental Skills Approach to Deskillling	
Marco Facchin	Comparative cognition is modestly, but radically, embodied	Niklas Dahl	Trust and the Chain of Communication	Yinzhu Yang	Analog and Digital Representation Reconsidered: A Network-Based Approach	Carla Sebastián Enesco, Nerea Amezcua-Valmala & Federica Amici	Waiting for a better reward: Anticipatory & regulatory strategies in parrot delay of gratification	Polaris Koi	Options as mentalia	
Miguel Gramage	Usage, Coordination, and the Modality of Ecological Information	Corijn van Mazijk	Coordination without Meaning	Yağmur Deniz Kisa, Roman Stengelin, Luke Maurits and Daniel B.M. Haun	Cognitive Change Without Linguistic Change: The Rise of Egocentric Frames of Reference in the Hai om	Ignasi Gil Gómez	The Epistemic and Zetetic Irrationality of Incessant Checking in OCD	Jonida Kodra	Control and Sense of Agency in Auditory Verbal Hallucinations	
18:30	Poster madness (brief introductions of posters)									
19:30	Reception									

Wednesday 1st July												
09:00	Keynote address by Mazviita Chirimuuta: <i>Evidencing Biological Naturalism</i>											
10:15	Coffee											
10:45	Plenary symposium with Federico Adolfi, Dimitri Coelho Mollo & Beate Krickel: <i>The Bases of Cognition: medium-(in)dependence, biological constraints, and the feasibility of computational-mechanistic explanation</i>											
13:00	Lunch, Executive Committee Meeting											
14:30	Parallel sessions (30 minutes including Q&A for each paper)											
	Kerkzaal		Grote zolder		Spiegelzaal		Voorkamer		Bovenkamer		Kleine zolder	
	Symposium: <i>Cognition in Action</i>		Imagination & Hallucination		Us		Belief		The Self		Understanding One Another	
	Julian Kiverstein	Making sense of multi-functionality in the brain: an action-oriented cognitive ontology	Eva Rafetseder, Julia Wolf and Josef Perner	Pretending Something Exists Is Easier Than Pretending It Doesn't: What Pretence Reveals About Thinking of Non-Existence	Bart Geurts	The evolution of joint action: from quorum sensing to prospective coordination	Robert Ross	People who endorse conspiracy theories don't necessarily believe them: Implications for survey research	Andrea Bertazzoli	What is the Enactive Account of the Human Self? A Way out of the Body-Social Problem in Cognitive Science	Sophie Keeling	Standpoint know-how
	Iris Groen	Gibson's neural reality: locomotive affordances in the human brain and AI models	Daniel Kim and Keith Allen	Anticipation and Illusion	Axel Seemann	Joint Motor Action and Social Space	Paul Engelhardt, Dimitra Lazaridou Chatzigoga and Eugen Fischer	The role of context on the suppression of belief inferences from appearance verbs: Evidence from eye tracking and individual differences	Mathijs Geurts	A New Look at Perspective in Self-talk	Amrisha Vaish, Qiao Chai, Parvathy Viswanath, Camile Bernard, Upali Chakraborty and Aneesh Kumar	The Development of Children's Understanding of Gratitude in Two Cultures
	Lydia Moonen	Toward a functional, action-oriented approach to visual mental imagery	Silvana Pani	Can We Share Mental Imagery?	Deborah Marber	Imagination and the motivation of (social and collective) action	Nicolas Porot	The Lower Bounds of Belief	Francesco Fanti Rovetta	The Stabilization of the Past: Feedback Loops in Self-Memory Dynamics	Daniel James, Steffen Koch, Alex Wiegmann, Leda Berio and Kurt Erbach	Because I'm Not a NAZI? Sociolinguistic Variation and Cross-Linguistic Race Talk
	Heleen Slagter	Visual working memory for action	Adriana Alcaraz Sánchez	Imagining oneself in a parallel world: The role of imagination in Dissociative Identity Disorder and Maladaptive Daydreaming	Yair Levy	Joint Action Without Joint Intention (or Goal)	Mohit Mukherji, Marjorie Rhodes and Eric Mandelbaum	Mechanisms of belief formation and rejection in childhood	Nicolas Goupil and Dora Kampis	Episodic recollection before and after self-recognition	Hsiang-Chen Chi	Being Understood in Empathy: A Philosophical Model
16:30	Coffee and posters											

Wednesday 1st July												
17:00	Parallel sessions (30 minutes including Q&A for each paper)											
	Kerkzaal		Grote zolder		Spiegelzaal		Voorkamer		Bovenkamer		Kleine zolder	
	Gestures & Ostension		Generics & Narratives		Inner Speech & Thought		Imagination & Memory		Intention & Free Will		Representation & Explanation	
	Mirko Prokop	Embodied Foundations of Ostensive Communication: A Gradualist Perspective	Griffin Pion, Sophie Arnold, Elliot Schwartz, Julia Johnson, Eric Mandelbaum & Marjorie Rhodes	Remembering Generalizations: Memory Mechanisms Underlying the Generic Recall Bias	Daniel Gregory	What is Inner Speech? And what Does it Represent?	Sofia Pedrini	Remembering in Someone Else's Shoes: Vicarious Memory and Empathy	David Barack and Daniel Burnston	Plans, Planning, and Intentions	Basile Jeannet	No Evidential Test for Naturalistic Theories of Content
	Rory Harder	Demonstratives Contribute Conventional Implicatures	Elliot Schwartz	How are Generics Defaults?	Daphne Bernués	Why Inner Speech is Agentially Diminished	Christopher Jude McCarroll, Ying-Tung Lin and Paloma Muñoz Gómez	Memories of Fiction, Mindshaping, and the Porous Self	Lilian O'Brien and Svetlana Vetchinnikova	The Side-Effect Effect and "Intentionally"	Anastasia Garbayo	What comparative biology reveals about the explanatory role of representations
	Eline Kuipers and Ludmila Reimer	Rooting Iconic Co-Speech Gestures in Motor Representations	Hamish Linehan	Who chooses your past? Audiences, narratives, and environment	Víctor Martín Verdejo and Marta Jorba	Speaking in the Language of Thought	Andreas Arslan and Jonathan Kominsky	Incoherent mental imagery: Where imagination and episodic memory diverge	Berke Aydas and Onurcan Yilmaz	Intuitive and Reflective Foundations of Free Will and Scientific Determinism	Filippo Murabito	Beyond the Mark of the Cognitive: An Explanation-Centred Heuristic for Plant Cognition
	Markus Werning, Ludmila Reimer, Thomas Wieder, Carla Zenk and Maria Spychalska	How do iconic co-speech gestures contribute to the truth-conditions of assertions: A surprisal-based ERP investigation revealing N400 and late positivity effects	Shawn Hsieh	Grief as a Socially Embedded Process: A Mindshaping and Narrative Approach to Self-Reorientation	Yizhi Li	Beyond Memory: Goal-Structured Dynamics in Spontaneous Thought	Ariel Gonçalves, Kourken Michaelian and António Jaeger	Fundamental dissimilarities between the event-related potentials of remembering and imagining and their implications for continuism	Judith Carlisle and Ryan Mokhtari	Possible Futures: Free Will and the Stories We Tell Ourselves	Elodie Boissard	On Strength of Desires
19:00	End of session											

Thursday 2nd July										
09:00	Keynote address by Ira Noveck: <i>Reconfiguring Figurative Language</i>									
10:15	Coffee									
10:45	Plenary symposium with Nick Allott, Jane Dilkes & Diana Mazzarella: <i>Understanding figurative language: functions, attitudes, and social meaning</i>									
13:00	Lunch, and Business Meeting starting at 13:45 in Kerkzaal (all ESPP members welcome)									
14:30	Parallel sessions (30 minutes including Q&A for each paper)									
	Kerkzaal		Grote zolder		Spiegelzaal		Voorkamer		Bovenkamer	
	Symposium: Reshaping Normalcy: Mindshaping and Injustice in Mental Health		AI		Memory		Pragmatics		Valence & Desire	
	Kathleen Murphy-Hollies & Jodie L. Russell	Mindshaping and Uptake: Illuminating Epistemic Injustice and Wilful Hermeneutic Ignorance	Iwan Williams	Doing without etiological functions in AI metaseantics	José Carlos Camillo	Assessing the reliability of memory-based beliefs of religious experiences	Maria Spychalska, Ludmila Reimer and Markus Werning	Quantifier and implicature processing in contexts with full and partial information	Krzysztof Dolega	Is valence a unitary and amodal natural kind?
	Víctor Fernández Castro & Miguel Núñez de Prado-Gordillo	Whack-A-Mole: Mindshaping, Impostor Concepts, and Hermeneutical Resistance	Dimitri Coelho Mollo	Representational Explanation for Deep Artificial Neural Networks: prospects and challenges	Sacha Behrend	Reference and Representational Formats in Episodic Memory	Maria Spychalska	Implicatures in Epistemically Uncertain Contexts: What Does the Evidence Tell Us?	Pietro Chiericoni	How Emotionally Valenced Properties Inform Perceptual Content
	Manuel Almagro Holgado & Miguel Núñez de Prado-Gordillo	Non-ideal Mindshaping & First-Person Authority in Mental Health	Tom-Felix Berger	The Conceptual Role of Internal Representations in Strategic AI Deception	Matheus Diesel Werberich	Why do we have two memory systems? An information-theoretic account	Christian De Leon	In the Zeitgeist: Common Ground and Collective Attention	Alon Chasid	A (new) argument for i-desire
			Maja Sostaric	Basic emotions and AI	Albert Newen and Denis Perrin	What does it involve to re-remember an event? Functionalizing re-remembering	Alan Lombardini, Giulia Giunta, Diana Mazzarella and Didier	At-Issue-ness in Misinformation Detection: An Investigation of Disfluency in L2 Processing		
16:30	Coffee and posters									

Thursday 2nd July										
17:00	Parallel sessions (30 minutes including Q&A for each paper)									
	Kerkzaal		Grote zolder		Spiegelzaal		Voorkamer		Bovenkamer	
	Consciousness & Phenomenology		Memory & Agency		Morality & Virtue		Measurement & Models		Mindreading	
	Johan Chung	Revisiting Conscious Access: Why Internalism Is Not Mandatory	Ryan Mokhtari and Judith Carlisle	Behavioral modernity through the integration of auto-noesis and metacognition	Leda Berio and Daniel Kelly	Moral Psychology for World Travelers: Playfulness as the Virtue of Ethical Codeswitching	Vuk Kolarevic	Does Formalising Psychological Theories Advance Scientific Understanding?	Martin Doherty and Catherine Sayer	Preschool development of the concept of line-of-sight as evidence for developmentally distinct systems of gaze processing
	Leonard Dung	Integrating mammalian and non-mammalian consciousness research: Metamodels and instantiation models of consciousness	Thor Grünbaum	Memory, Reinforcement Learning, and Temporally Extended Agency	Pascale Willemsen, Lucien Baumgartner and Nikolai Shurakov	New Empirical Studies of Moral Praise	Charlotte Constanze Poller	Between Thickness and Comparability: Measurement Drivers in Global Well-Being Metrics	Calum Sims	Submetacognition: I am not really reading my mind
	Robyn Carston	Metaphor: Non-propositional effects and the communication of 'what it's like'	Frederik T. Junker	Beyond Deliberation: How Memory Shapes Intentions	Markus Kneer and Juri Viehoff	Fair Chances vs. Better Outcomes in Complex Moral Trade-Offs	Eyup Engin Kucuk, Maeve Burwell and Ömer Dağlar Tanrikulu	What do Bayesian models explain? An empirical analysis of explanatory stances in Bayesian cognitive science	William Angkasa	Affective MIND Script: A Situated Cognitive Architecture for Everyday Social Interaction
	Joulia Smortchkova	The feeling of having a first impression	Alexandria Boyle and Eva Read	Animals, mental time travel and the harm of death	Veronika Luptakova, Alex Voorhoeve and Matteo Galizzi	Fallible but improvable: Repeated evaluation reduces moral inconsistency	Yara Daamen, Vlasta Sikimić and Daniël Lakens	The Intellectual Justice Scale: Development and Validation of a Self-Report Measure	Ayse Payir, Kathleen Corriveau and Paul L. Harris	Believing without seeing: Children Expect Others to Share their Beliefs about Invisible Entities
19:00	End of session									
20:00	Conference dinner									

Friday 3rd July										
09:00	Keynote address by Tadeusz Wiesław Zawidzki: <i>What Is Mindshaping?</i>									
10:15	Coffee									
10:45	Plenary symposium with Ian Apperly, Víctor Fernández Castro & Ildikó Király: <i>Mindshaping: Development, Diversity, and Individual Differences</i>									
13:00	Lunch									
14:30	Parallel sessions (30 minutes including Q&A for each paper)									
	Kerkzaal		Grote zolder		Spiegelzaal		Voorkamer		Bovenkamer	
	Symposium: Inner Speech		Perception		The Body		Quantifiers & Operators		Causal Reasoning	
	Bo Yao	How does inner speech resolve visual uncertainty? Testing the precision modulation account	Quentin Coudray & Assaf Weksler	Grouping and the Metaphysics of High-Level Perceptual Experience	Letizia Konderak	Plural Spaces, Plural Times. A Political Phenomenology of Places	Andrea Raimondi	Pure Quotations and Use-Conditional Meaning	Matteo Mauro Lenti	Multisensory Soup with Bayesian Croutons: Why Bayesian Causal-Inference does not explain Body Ownership
	Jutta L. Mueller	Phenomenology of inner speech explains interindividual differences in the brain's resting-state networks	Gerardo Viera	Perceiving Events and the Format of Time	Isabel Luana & Zelada Juárez	Normatively guided embodied agency: A hybrid account of athletic skill	Mattia Vargas	The Dual Role of PAST: A Hybrid Referential Selection Semantics for Counterfactuals	Shubhamkar Ayare, Eva Wittenberg, Mario Günther & Jonathan F. Kominsky	Using Graded Factual Difference-Making to query people's internal causal variables through causal judgments
	Nikola Kompa	Belief formation and inner speech	John O'Dea	Direct Social Perception and the Two-Systems Theory of Mindreading	Caleb Liang and Sufen Chen	Is Self-location the Same as Body-location?	Stavroula Alexandropoulou, Eirini Chalkia and Nektaria Kaiafa	Meaning properties of Greek existential quantifiers affect 'not all' scalar implicatures	Sarah Beck, Yucheng Wang and Amrita Kaila	Do children search for multiple solutions to a physical problem?
	Christopher Gauker	The imagination theory of inner speech	Niccolò Nanni	When the senses don't match	Catherine Hochman	Local and Global Bodily Ownership: A Case for Representational Independence	Claire Rong	An impossibility theorem for semantic aggregation under non-monotonic quantification		
16:30	End of conference									

Posters

- Candice Koolhaas, Zsuzsa Kaldy & Erik Blaser What is working memory for? An ethological approach to modeling memory use in children and adults
- Emmanuelle Mury The Mind as an Operating System: A Modular Governance
- Hsiman Tsai Why Narrative Effort Cannot Resolve Recovery: Self-Ambiguity and Evidence-Dependence
- Juliette Vazard Attending with Feeling: what do norms of attention demand of us as emoting agents?
- Karima Mersad and Julie Navelier Blending into the Crowd: Electrophysiological Evidence of Gestalt Perception of a Human Dyad - a replication study
- Lumeng Liu Other Minds Problem Revisited at the Age of AI
- Marcus Ashby Can we propositionally interpret AI Agents?
- Mariem Diané and Gergely Csibra Symbols and word assignment: Can infants map a word onto a spatial relational role?
- Mateusz Tofilski and Filip Stawski Between Controlled and Uncontrolled Hallucination: the Spectrum of Psychosis within the Framework of Predictive Processing
- Matthias Allritz, Manuel Bohn, Janine Brinkhaus, İclal Karaca, Katja Liebal & Daniel Haun Captive great apes follow human pointing gestures
- Megan Todd and Ljerka Ostojić Communicating Science Under Uncertainty: Hedging in Animal Cognition Literature
- Nadine Meertens, Suet Lee and Ophelia Deroy Can awareness be fairly evaluated across artificial systems?
- Owen Waddington and Bahar Koymen Five-year-olds monitor the common ground between victims and apologetic transgressors
- Petra Šarić, Zdenka Brzović and Ljerka Ostojić Elegant Experiments: Aesthetic Experiences by Cognitive Scientists
- Shunsuke Sasaki Fission and the Fear of Death: The Interventionist Criterion of Survival
- Simon Brown Kinds of Semantic Memory Across Kinds of Mind
- Spencer Ivy & Aleksandra Mroczko-Wąsowicz The role of perceivers in representing the sensory world
- Vednarayan Varma Beyond Cognitivism: A Dynamic Systems and Pluralist Reframing of Developmental Social Cognition
- Wenzhi Song Why Do We Need an Expressivist Account of Self-Knowledge and What Do We Need from It?
- Wojciech Zięba and Mariusz Urbański The Dual Structure of the Stoic Attitude: Conceptual Analysis and Exploratory Empirical Convergence
- Yi-Sin Hsieh Suffering as Narrative Imprisonment
